

Focused On The Future

Without question, today's environment has everyone perplexed. However, we want you to know, we're remaining optimistic and focused on the future. As we navigate through these trying times, it's important our present, past and future employees stay top of mind; by providing a safe work environment.

Since United Rentals was identified as an "Essential Critical Infrastructure Workforce" all locations remain open and operable to support our customer requirements locally, regionally and nationally. We have cleaned our fleet and ensured its rental readiness, including special business needs as a result of COVID-19 like portable restrooms, showers, generators, traffic control systems, and more. For additional information, [click here](#).

In the current environment of uncertain times, we continue to hire in certain markets. As the world begins to normalize, United Rentals will have more opportunities available. To ensure you receive alerts as soon as positions become available that match your criteria, please visit our job search page to update your [Notify Me](#) settings.

Don't forget to follow us on social media for stories straight from United Rentals employees and worksites across the country.
